## 1 WELCOME NOTE BY THE DIRECTOR OF RA EVENTS>

### Welcome to *Rally Talsi*!

Each year with a rally taking place in Talsi is special. On the days of the event, the whole city is entwined by engine sounds and pulled into the racing atmosphere, filling the city with excitement. That is what rallying brings to Talsi!

In 2016, *Rally Talsi* will celebrate the fiftieth anniversary, with the city of Talsi hosting their first rally all the way back in 1966. Fourteen crews competed in that first year, forming a foundation for the event to take place for the next fifty years and more. Still, there's a saying that you are only as old as you feel in your heart, and the heart of *Rally Talsi* is currently beating like that of an eight year old child, who still has his whole life in front of him!

Organisers of the first rally in Talsi, Vilnis Osis, Jānis Birkenbergs and Ēriks Vīksna, were true masters of their craft, and put in a great foundation for the following events! I am from Talsi as well, and have been attending the event since early childhood, later fulfilling my dream to become a rally driver. However, I was destined to do more. And it was something that I never even dreamt of – to continue the great work started by these men, and take over as organiser of *Rally Talsi*. For that reason, I look back at the history of the event with great respect and, for the eighth year now, continue the legacy of the first organisers, doing my best to popularize this rally far outside of the city of nine hills.

This year's event, traditionally, will take place at the end of May, when spring is in full effect and the meadows are filled with dandelions. For 2016, *Rally Talsi* will host not only the *Latvian Rally Championship*, but also the *Lithuanian Rally Championship* and *North European Zone (NEZ) Junior Championship*. In addition to that, emphasising the historic presence, we will see *Youngtimer* cars tackle the Saturday's stages in regularity rally. As an added intrigue, this will be the eighth year when the *Rally of Champions* is taking place during the event, putting the 2015 rally champions from near and far countries up against each other to settle who will become this year's champion of champions.

We would like to thank the Talsi region local government, which has, for the last fifty years, welcomed rally crews, friends and media with open arms. From all of us at *RA Events*, for this anniversary year we wish Talsi region to have precise pacenotes and keep on moving forward, so that the rally can remain in the city of nine hills for at least the next fifty years!

See you at the finish podium!

**RA EVENTS** director

**Raimonds Strokšs**

## 2 TALSIS

### 2.1 WELCOME NOTE BY THE CHAIRMAN OF THE TALSIS REGION MUNICIPALITY

Welcome to the Talsi region and *Rally Talsi*!

Rally in Talsi will be special for two reasons this year – it will take place at the start of the spring tourism season, and *Rally Talsi* will also celebrate its fiftieth anniversary! We are glad that *Rally Talsi* has gained popularity not only in Latvia, but, thanks to it being known as the *Rally of Champions*, is also well known internationally. It serves as an adrenaline charge and a celebration for all participants, Talsi region inhabitants and guests. Each year there are new adventures, new leaders and new challenges...

In Talsi region, we celebrate the important anniversaries of our locals and congratulate them on their birthdays. This year, *Rally Talsi* will be among those who have important anniversaries, celebrating its fiftieth. *Rally Talsi* has been a respected citizen of the Talsi region: fast, always ready for action and change, progressive and tended towards new and modern things. At the same time, it respects the classic and historic values, is friends with nature and respects its neighbours. This rally also has a lot of friends and supporters and I know that all of them will be here for the event on May 21 and 22 to celebrate the anniversary! I wish for *Rally Talsi* to always have plenty of new and exciting challenges, along with a long list of participants! Have a fantastic anniversary rally!

## 2.3 TALSI – THE CITY OF NINE HILLS

Throughout centuries, the city of Talsi has managed to combine the tendencies of modern city development with the charm of a calm small town.

The nine hillocks and two lakes of the city have a history dating back multiple centuries, and provide the unique Talsi scenery. The most beautiful season of the year is during the cherry and apple blossoming.

If a tourist in Kurzeme region wants to feel the harmony between nature and history, he will come to the city of nine hillocks, Talsi, which is situated next to its two lakes and features parks from a long time ago, as well as gardens on the outskirts of the city.

Inside the city, a harmonic development of traditions and culture history, along with modern educational and sports opportunities, small businesses and tourism services, can be witnessed.

Talsi surprises its guests with modern sports buildings, the new Talsi lake promenade, renovated Sauleskalns bandstand and Radošā sēta (Creative courtyard).

In Talsi, everything is nearby, interlocked together like a colourful bar code of the region. Talsi region traditional costume skirts contain eleven colours, and these colours are also used as a symbol of the region. Many weavers throughout the generations have put together various colours and forms, with the version used today being a harmonic mix of coloured stripes which is unique in the whole world. This bar code is a heritage of the region. Come and weave your own story in the Talsi region!

## 2.4 TALSI REGION – THE GREEN PEARL OF KURZEME

Talsi region is among the largest and greenest regions in Latvia as 52% of the territory is covered by forests. Joining together four cities and fourteen parishes, it is also among the most diverse Northern Kurzeme regions in terms of its nature offerings – a rolling countryside, multiple lakes and rivers.

**Sabile** – a city with something special. Vīns

(wine) mountain is the city symbol and, since the seventeenth century, has been the most northern place where grapes are grown, with this being recognized as a Guinness World Record. The local wineries and shops are selling wine made right here in Sabile. For a special event, you can try out some local wine when on top of the Vīns mountain. Even though the mountain rises just 34 meters above sea level, the view from its top over the small city will be something that will forever stay in your heart and memory.

The city of lime blossoms – **Valdemārpils**, was called Sasmaka in the past. It's well worth it to walk around the small city streets, have a look at the old one story wooden houses, which serve as an integral part of the Valdemārpils architectural style.

Sasmaka lake has a well maintained beach where you can rest, go for a swim or, if you are a fan of active recreation, battle it out in one of the sports fields or try out some water based sports.

**Stende** is the newest city of the region, and is located between roads and forests. It was developed more than 100 years ago as a train station after the Rīga – Ventspils railroad was built. Even though Stende does

not have high mountains, legends about sunken castles or large rivers, the city is proud of its people and the good deeds they have done.

With its name being a derivation of the nearby and, once upon a time, large Pastende and Dižstende manors, the Dižstende manor fields are now maintained by the scientists of **Valsts Stendes graudaugu selekcijas institūts** (the National Stende institute of grain selection), where they breed new types of wheat, barley and oats.
